ABOUT THIS MODEL

Xcel/Transit are enclosed cargo trailers with the price-point of entry level storage trailers and the standard features of more expensive, high line units. You'll love how well Xcel/Transit pulls, how easy it is to maintain, and how much attention to quality will add to your trailer when it's time to resell and upgrade. Standard features include .080 extruded roof wraps, plywood walls (not Luan), LED lights, and tube steel wall studs and roof bows. Packages such as the popular "Xtra Plus" package, Exterior Accent, Interior Packages, and 110v Packages are also available.

MSRP RANGE

\$1,330 - \$6,356
